Subject: Review of CIA documents presented the SCI by Jack Anderson

The documents recently received by this Committee, from Jack Anderson, had previously been reviewed by the Church Committee staff. The documents appear to be a few of those requested for FOIA review by David Belin. It is my understanding, after these documents were declassified, David Belin furnished copies to both David Martin (AP) and Jack Anderson.

The Church Committee was permitted to review the entire Oswald 201 file, the AMLASH file, Garrison files and selected Office of Security files. The Committee primarily concerned itself with the early period of the investigation (November 1963 - October 1964), as it believed the information to be received from this time period to be more relevant in evaluating the performance of the intelligence agencies with respect to their investigation.

Dan Nieschef, the Church Committee contact at

the CIA, was the individual responsible for the declassification of documents relating to the assassination of President Kennedy. During this declassification process, Dan Niescher consulted the Committee staff to make sure that we were aware of certain documents. In addition, Mr. Kaleras had given the staff unlimited access to all files we believed necessary to conduct our investigation.

Yet, the possibility still remains that the staff was not shown everything. The CIA has maintained throughout that the Oswald 201 file was a complete compilation of the material related to the assassination of President Kennedy. However, information relating to who Lee Harvey Oswald was, and what he was doing are not included in their files. The Oswald 201 does not attempt to question Oswald's connection with both pro-Castro and anti-Castro groups or any of the AMLASH information. The most notable subject missing was information relating to CIA/U.S. Government attempts to assassinate Fidel Castro.
