-- At different times, Cuban #1, #2, or #3 would propose different projects. These would range from using plastic explosives to booby trapping Castro's desk. Rosselli would relay these on to Maheu, who, in turn, would contact the CIA. Most projects were vetoed, but the CIA did supply a short wave radio to the Cubans in Florida, to try and make contact with their people in Havana.

-- Eventually, Rosselli felt the project had failed. There was no specific point when it was announced. But, at sometime Rosselli assumed the project, for whatever reason, had not succeeded.
