Debriefing of Russell H. Sambora in Wash., D.C. 16 June 1964

SUBJECT: DLM Engineers

Sambora reported he met with AMBIDEX/1 at the Miami airport on 8 June 1964 for a brief discussion of organizational changes. After their talk, /1 requested Sambora accompany him to the airport hotel to act as interpreter with an American engineer (possibly DLM). Sambora did not recall the name of the engineer but that the engineer had stated the airstrip in Nicaragua would cost somewhere in the vicinity of a million dollars. According to Sambora, /1 simply listened to the proposal and said he would take the matter under advisement.
