Re: Pre-freedom of information request notice of charges

Dear Mr. Wilson:

Before exercising my right to a freedom of information request for copies of any and all available (in accordance with the declassification processes stipulated in Executive Order 11652 and its amendment of January 1974) files of records and documents, both computerized and manual apposite of me and my activities under my present and former names and pseudonyms, I hereby request the complete and final estimate of charges for search and duplication services.

As regards the charges for these services, two matters may be worthy of consideration. The first of them is that, given the proper access codes, the execution of a computer search is neither difficult nor costly. And the second is that in light of the controversial nature of my past, a waiver or reduction of charges may conduce to the furtherance of the public interest. I therefore respectfully request that these factors be considered in the making of a decision as to the cost of services.

In compliance with your request for identity verification (pursuant to provisions of the 1974 Privacy Act, section 552, subsections b and d) I hereby swear before a notary public as to my name and former names, my present address, my date as well as place of birth, and my citizenship. Thanking you for your cooperation, I am

Yours truly,
