Person:

Date:

Guantanamo, Oriente Province 7 June 1915 may be identical with the subject of an AMOT report listing him as candidate for councilman of Guantanamo City Hall on the PSP slate during the Carlos Prio era and stating that he is now in private secretary to Carlos Olivares, Undersecretary of Foreign Relations Ministry of the GOC. A-19 was so informed and was asked to have an investigation made, taking into consideration both the CI and operational leads aspects of the matter.

6. Aida Perez Poso. Guertler asked what her function was with AMBUDDY-1. A-19 admitted that he was surprised to see her name on the payroll. She is working with Hole in intelligence. She has all the lesbian contacts in the city and knows everything that goes on. Nothing can be done about it because she is another "woman of confidence" of AMBUDDY-1.

7. The Case Officer brought up the matter of telephone security, the possibility that A-19's private line and his home phone could be tapped, and suggested the use of pay phones for operational calls, especially to the Conselo. In order to make use of direct calling, A-19 could call the Conselo giving his number and await the return call. (The Conselo might want to bring this up with A-19.) According to A-19 Hole's group is monitoring all calls to AMOT headquarters but he does not think his private line (the one used by GUERTLER) is monitored. In reply to the Case Officer's question A-19 said that A-1 does his business calls from his home, but the house of his activities. The Case Officer commented that this fact was known to another

group (unspecified) and let the matter drop.

8. The reason for the blown AMOT safe house: While the AMOTUS were on the roof stringing the antenna one of them drove his car onto the lawn of the neighbor so that it would be in the shade of the neighbor's tree. Naturally the neighbor came out to see what was going on. He did see. As A-19 said, when he heard the details he had to laugh (albeit somewhat hysterically). The only alternative would be to kill the idiot. Guertler agreed. We can only hope that the next safe house will be very isolated.
